

I listen to Airl every day of the week. I don't know what I would listen to without it! It really makes my daily drives less stressful and I am able to worship God through Airl everytime I get into my car. I live in an area that primarily attends Christian churches, and it is amazing to be able to listen to this wonderful radio station together. Airl is one of the few radio stations that doesn't play the disgusting "music" that we are subjected to today. If you take Airl off of the air, thousands of Christian men, women, and even children will be subjected to the nasty music on the air today, or they will have to spend a lot of money they might not have in order to keep their children from being exposed to the sex, drugs, violence, and foul language that is portrayed through the mainstream music of today. Keep Airl on the air, for the sake of the ears of children and the sane-ness of Christian adults. After all, to change the music of a culture, is to change the culture forever.
